BLUE QUILL

'74

So long as we love, we serve; so long as we are loved by others I would almost say that we are indispensable. And no man is useless while he has a friend.

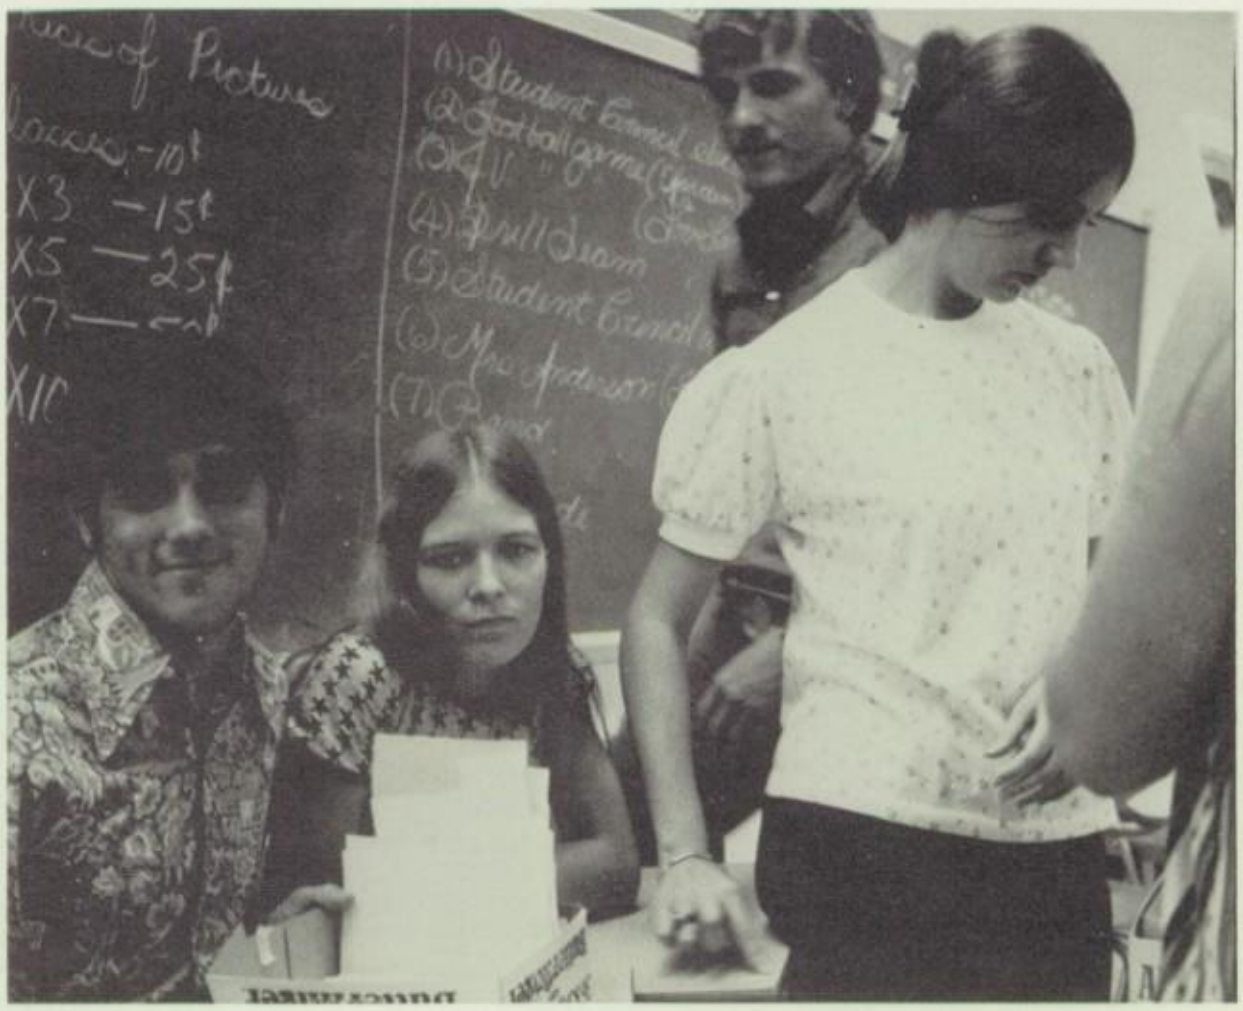
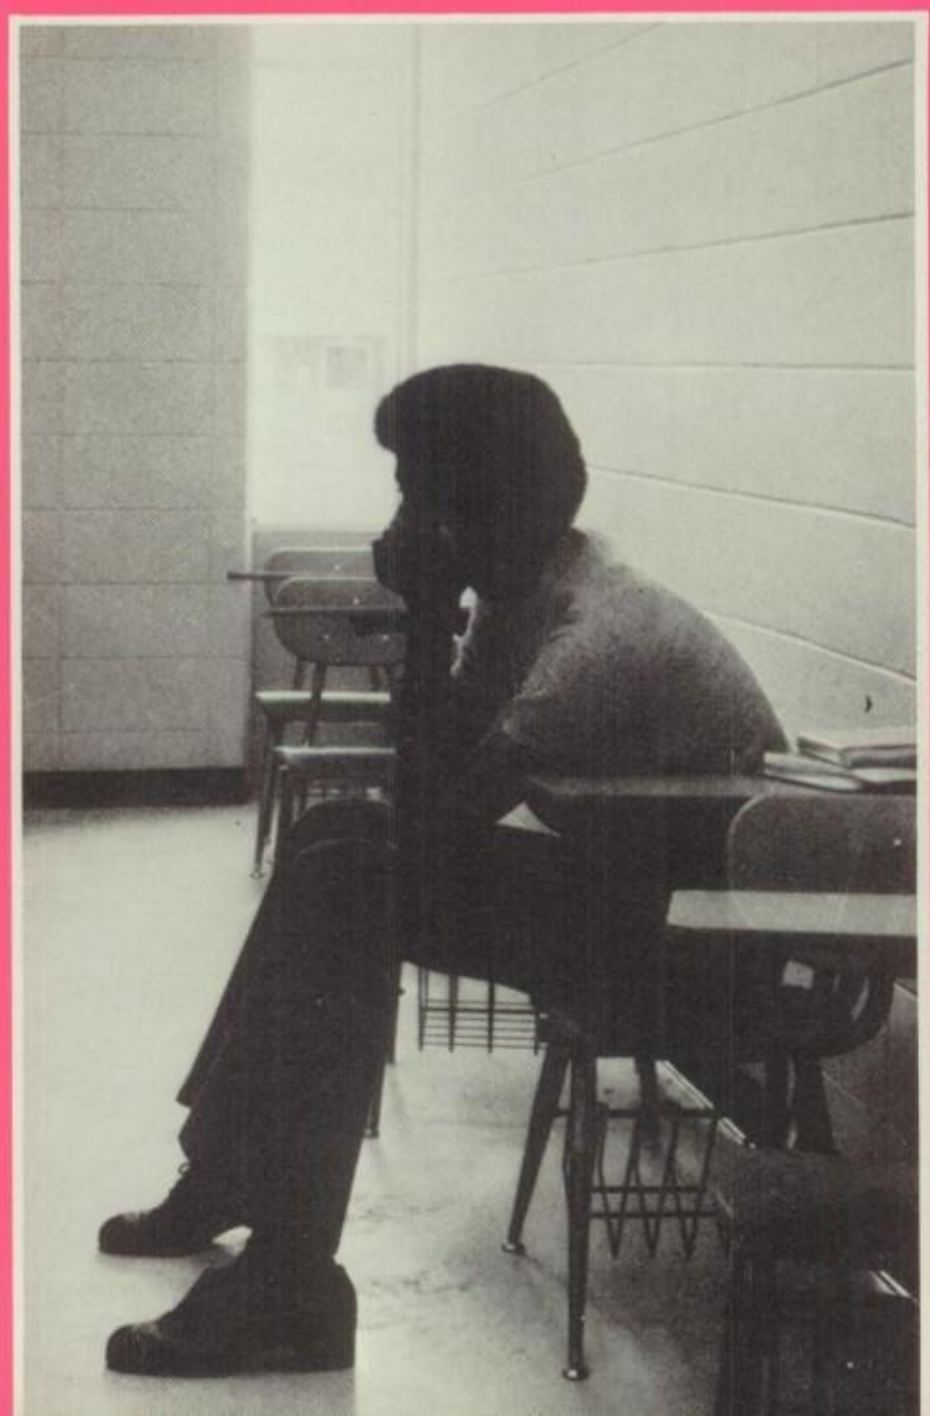
"Actions, not words, are the true criteria of the attachment of friends."
George Washington



"All we need to make
the day go better is
to remember our
friends, or maybe
one friend's face."

Bessie Lorraine Boles



We found friendship through helping each other.

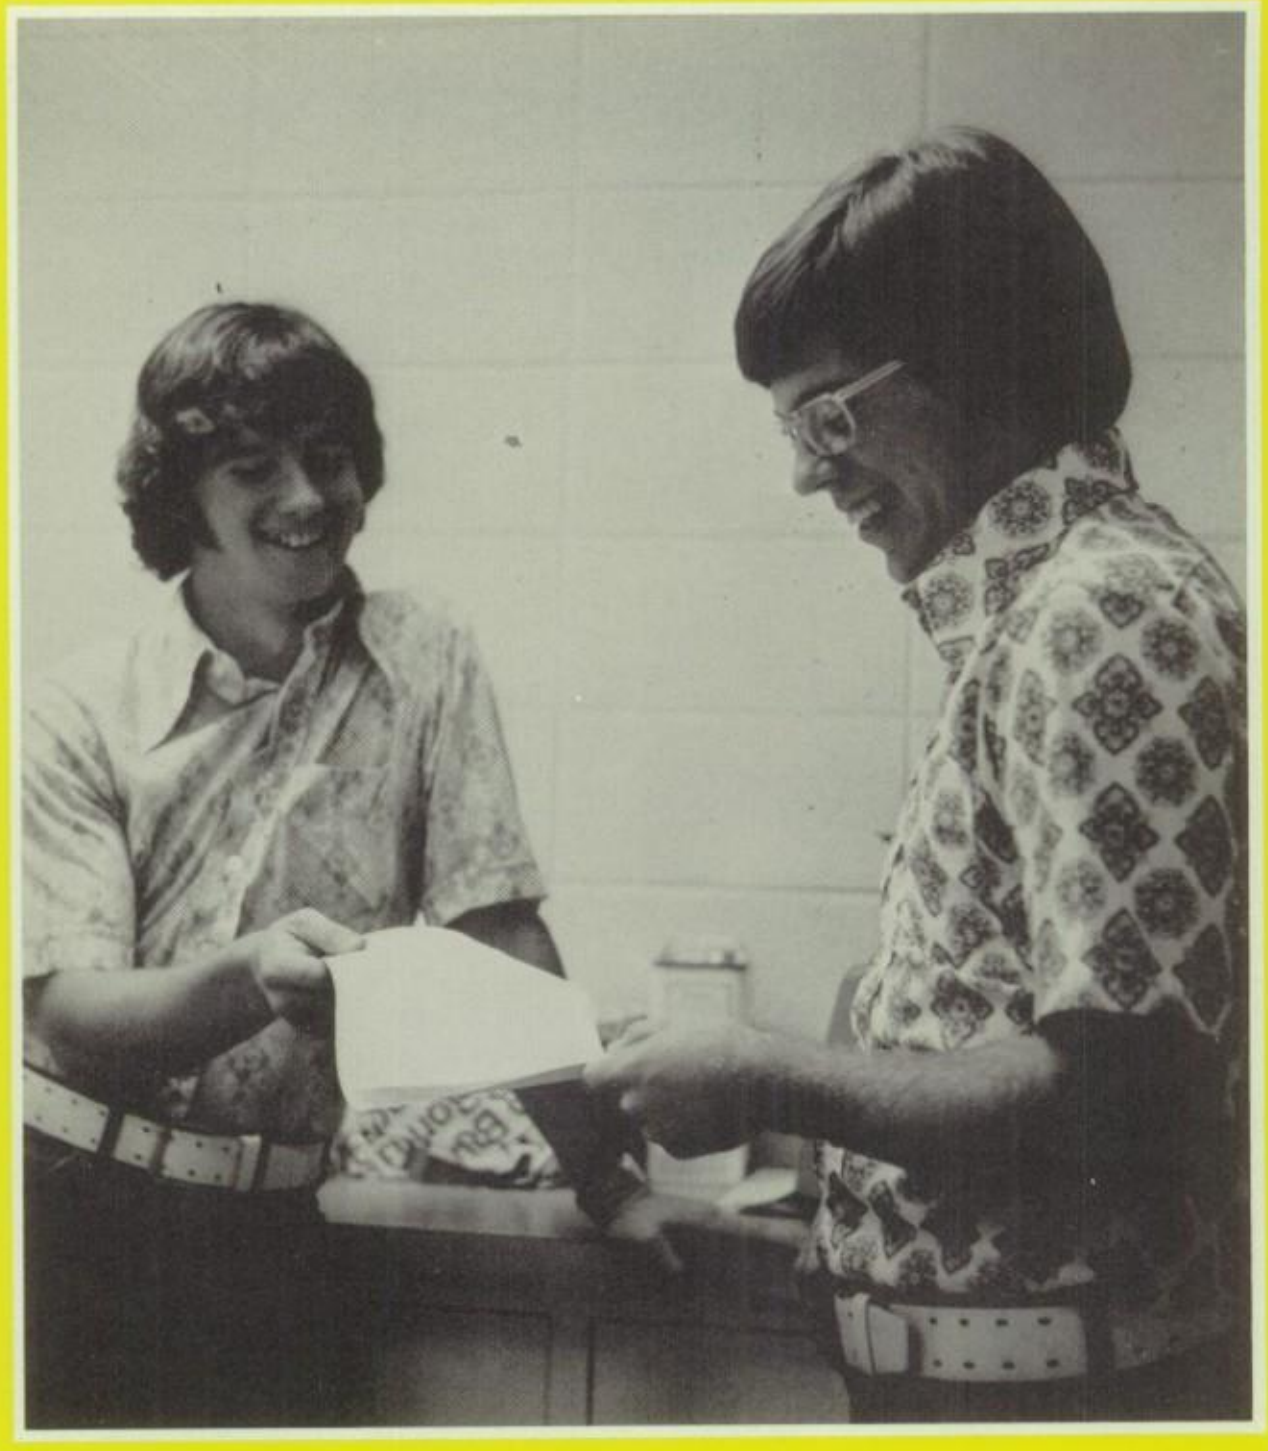
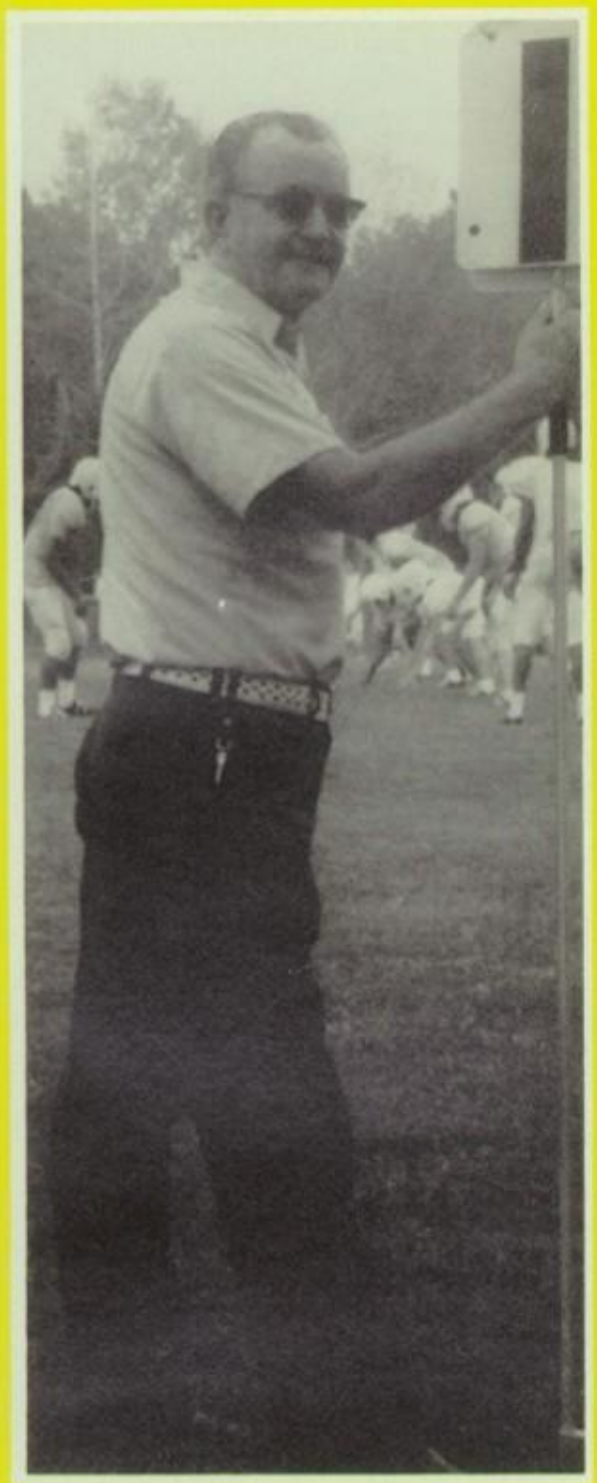
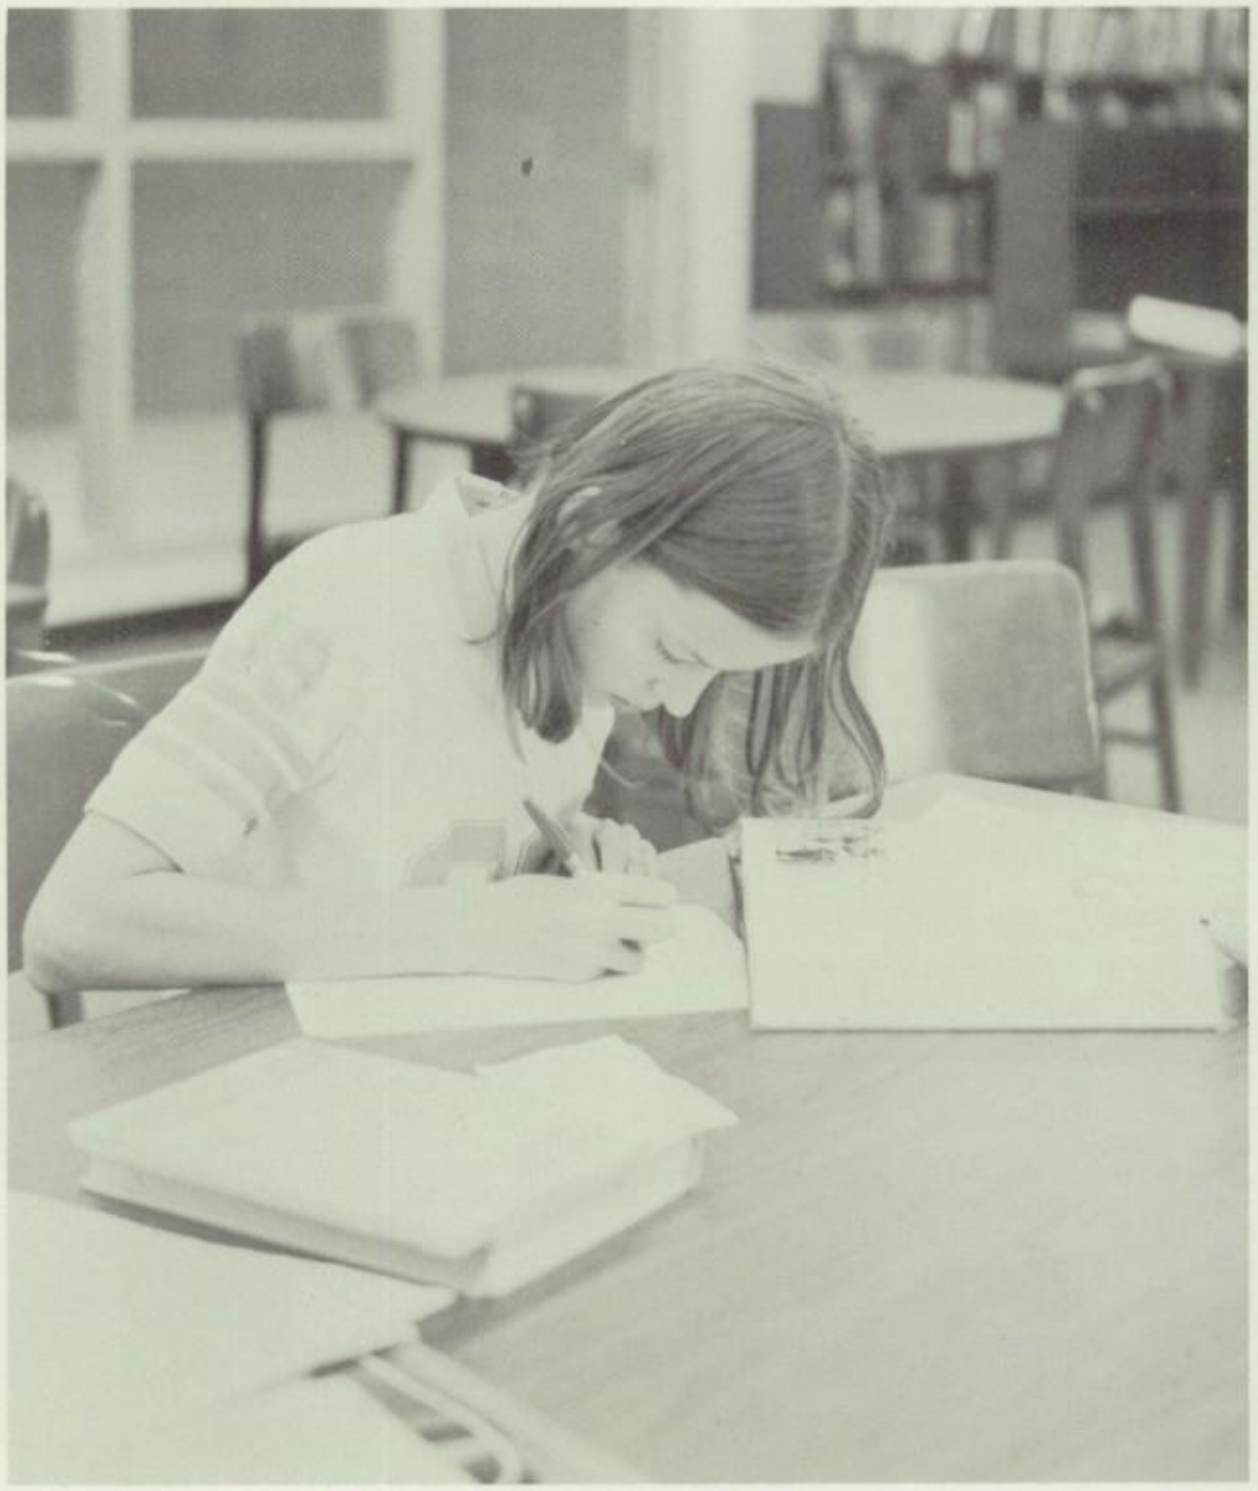
Friday is everybody's friend.





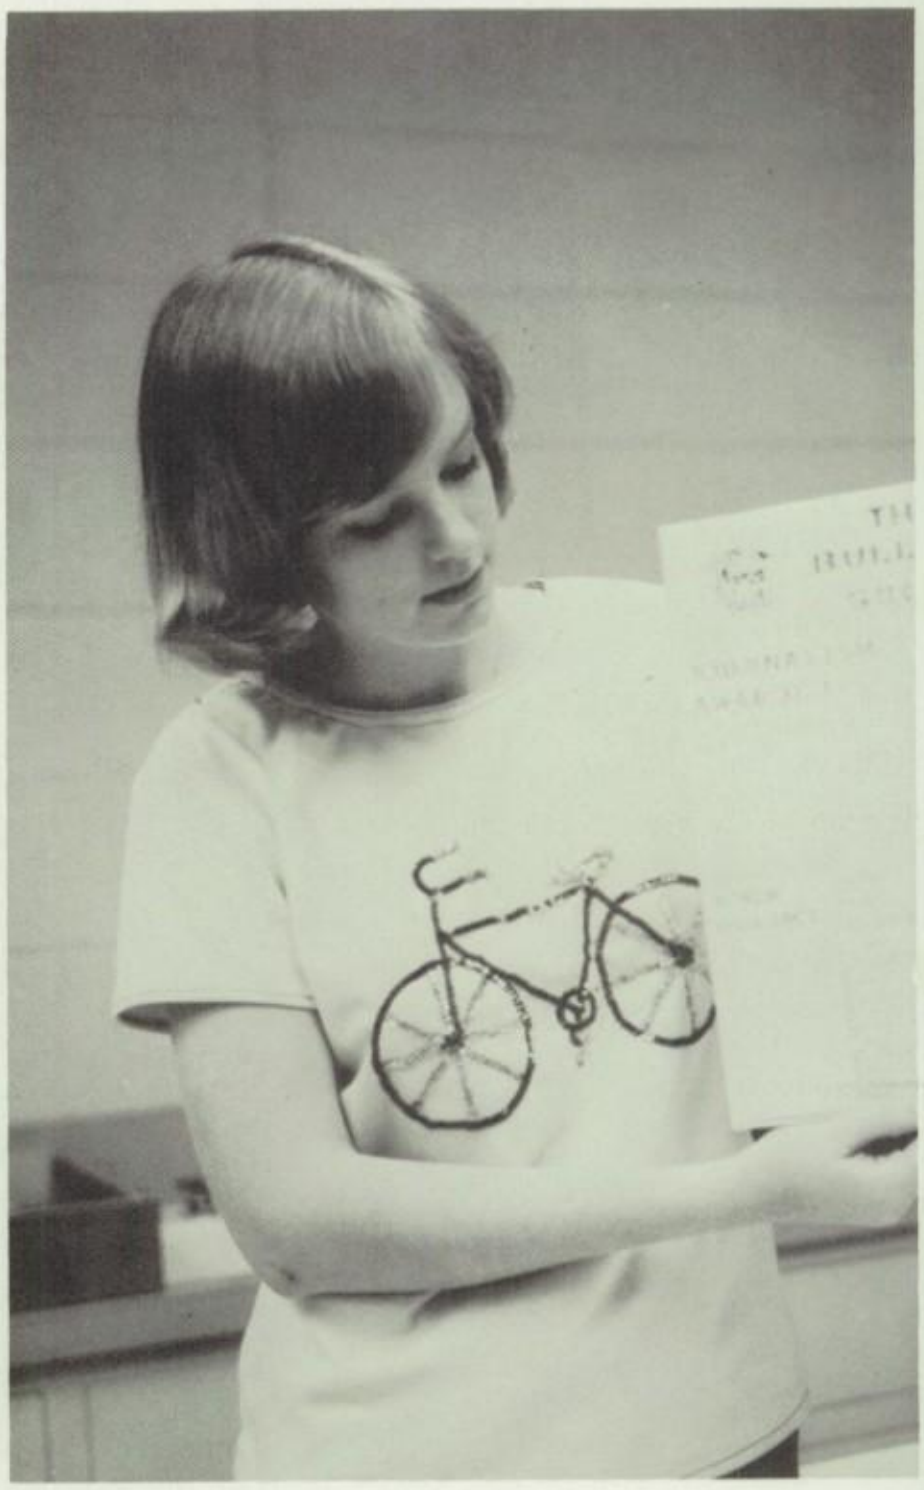
VISIT

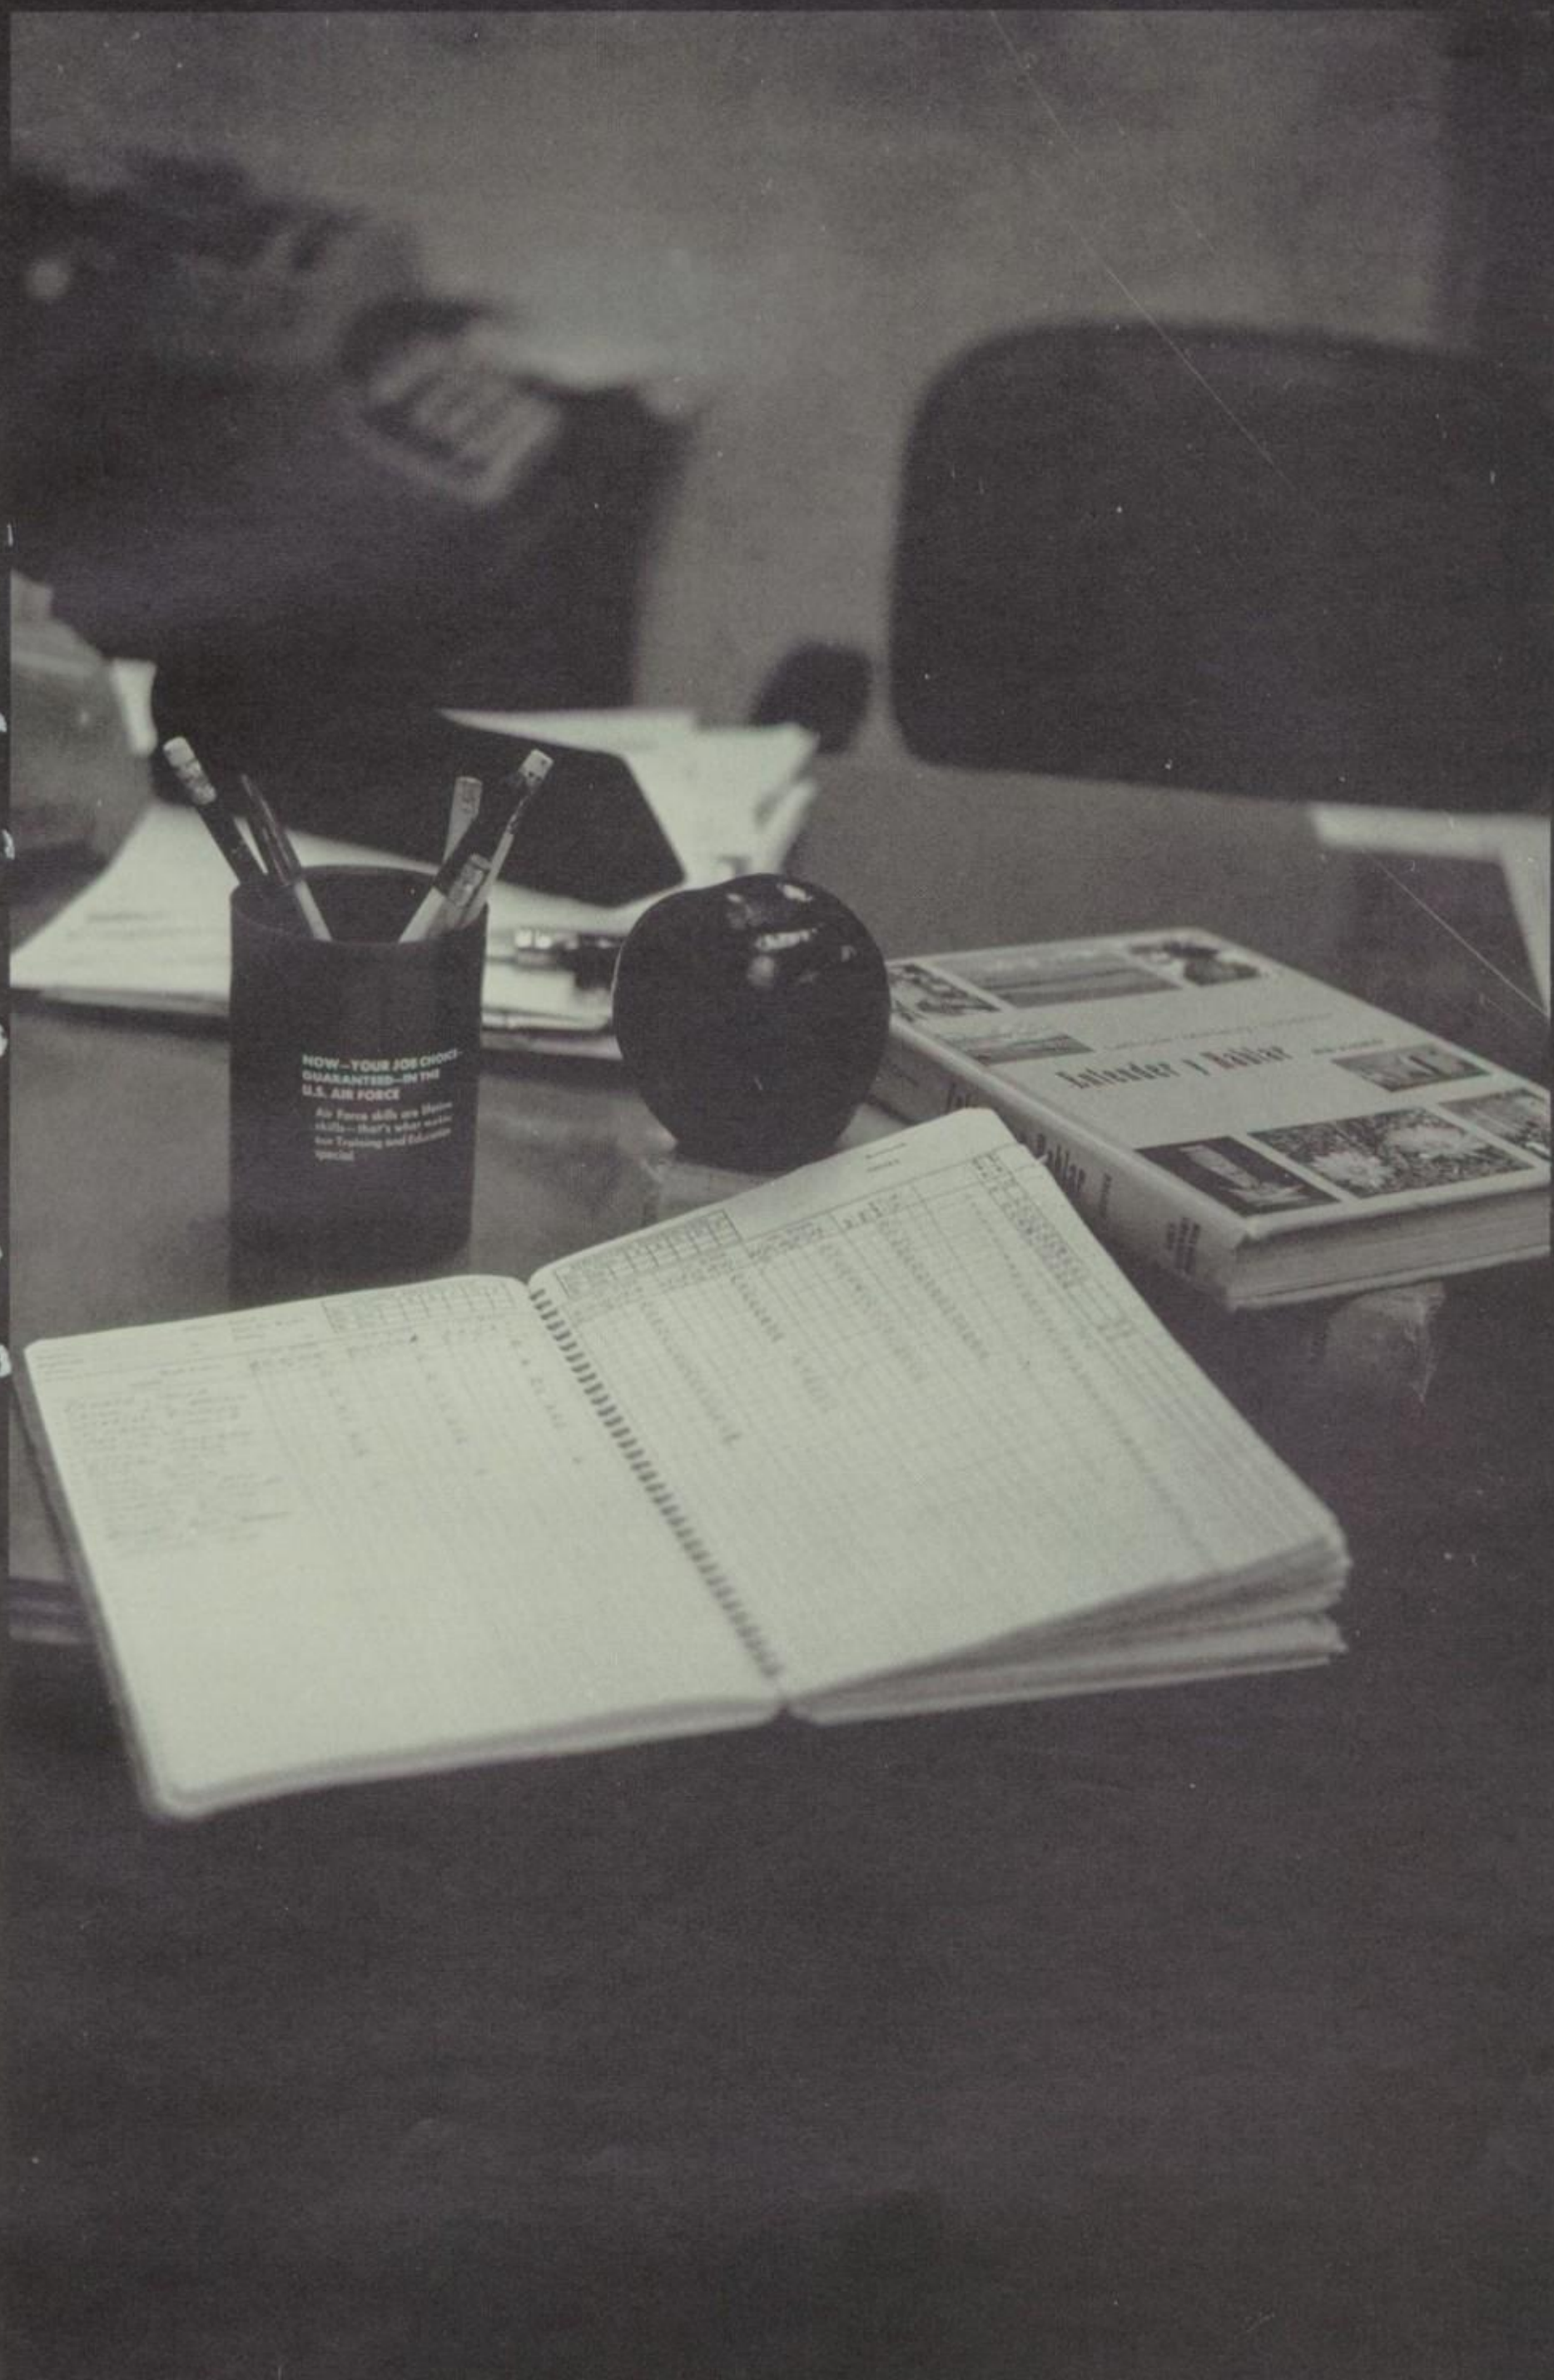


Some days are spent in thought of yesterday . . .
But other days are too much fun to dwell on yesterday.

"I know not whether our names will be immortal; I am sure our friendships will."

Walter Savage Landor





Administration and Faculty

Members of the Board of Trustees are President Fred Smith, Q. R. King, W. B. Andrews, Johnny Powell, Supt. J. R. Cockrell, Sambo Martin, Alton Burris, and Harold Hoffman (not pictured).

Throughout the school year many major and minor decisions are made concerning our school system. The

School Board

is made up of seven dependable men of the community whom we can depend upon to make reliable decisions. Board members work with Superintendent J. R. Cockrell to insure the best possible education for each student.

Starting the day off with a cup of coffee and following that with a hectic schedule of phone calls, office meetings and a couple of fun-loving Journalism classes to teach.

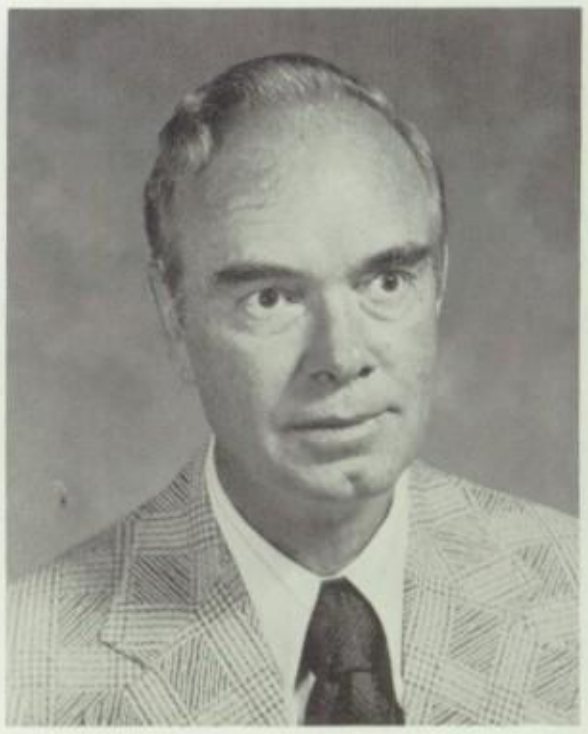
Superintendent J. R. Cockrell

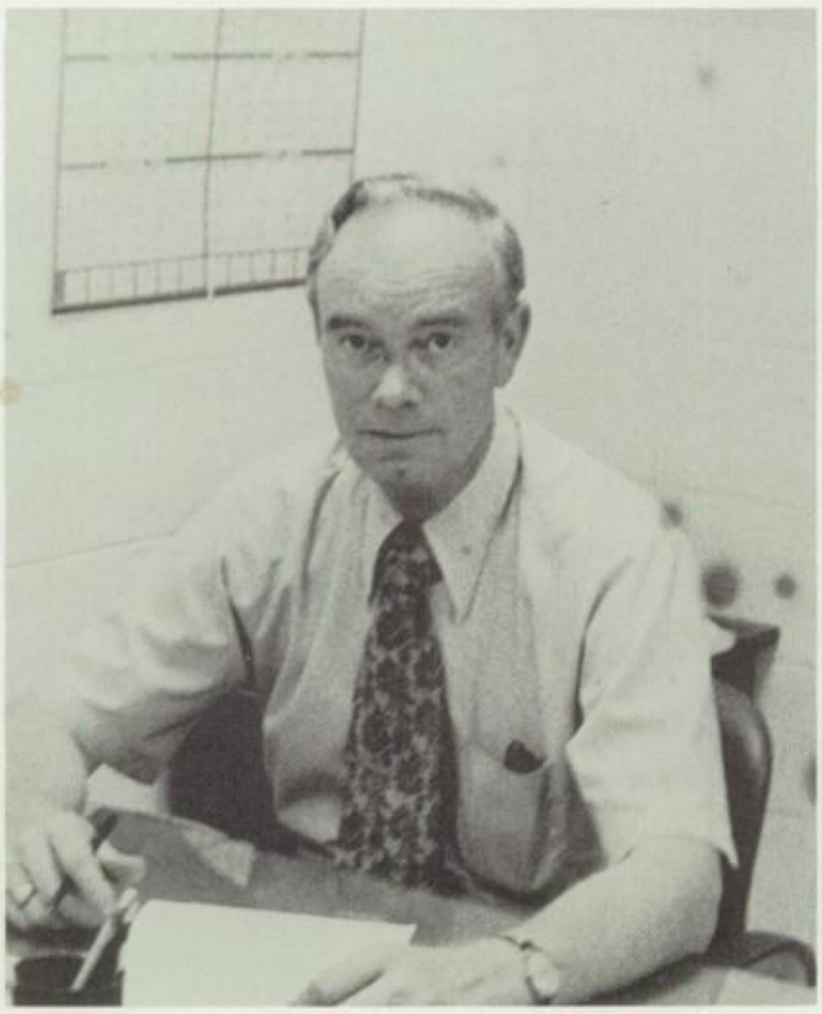
runs this school district with unbelievable precision.

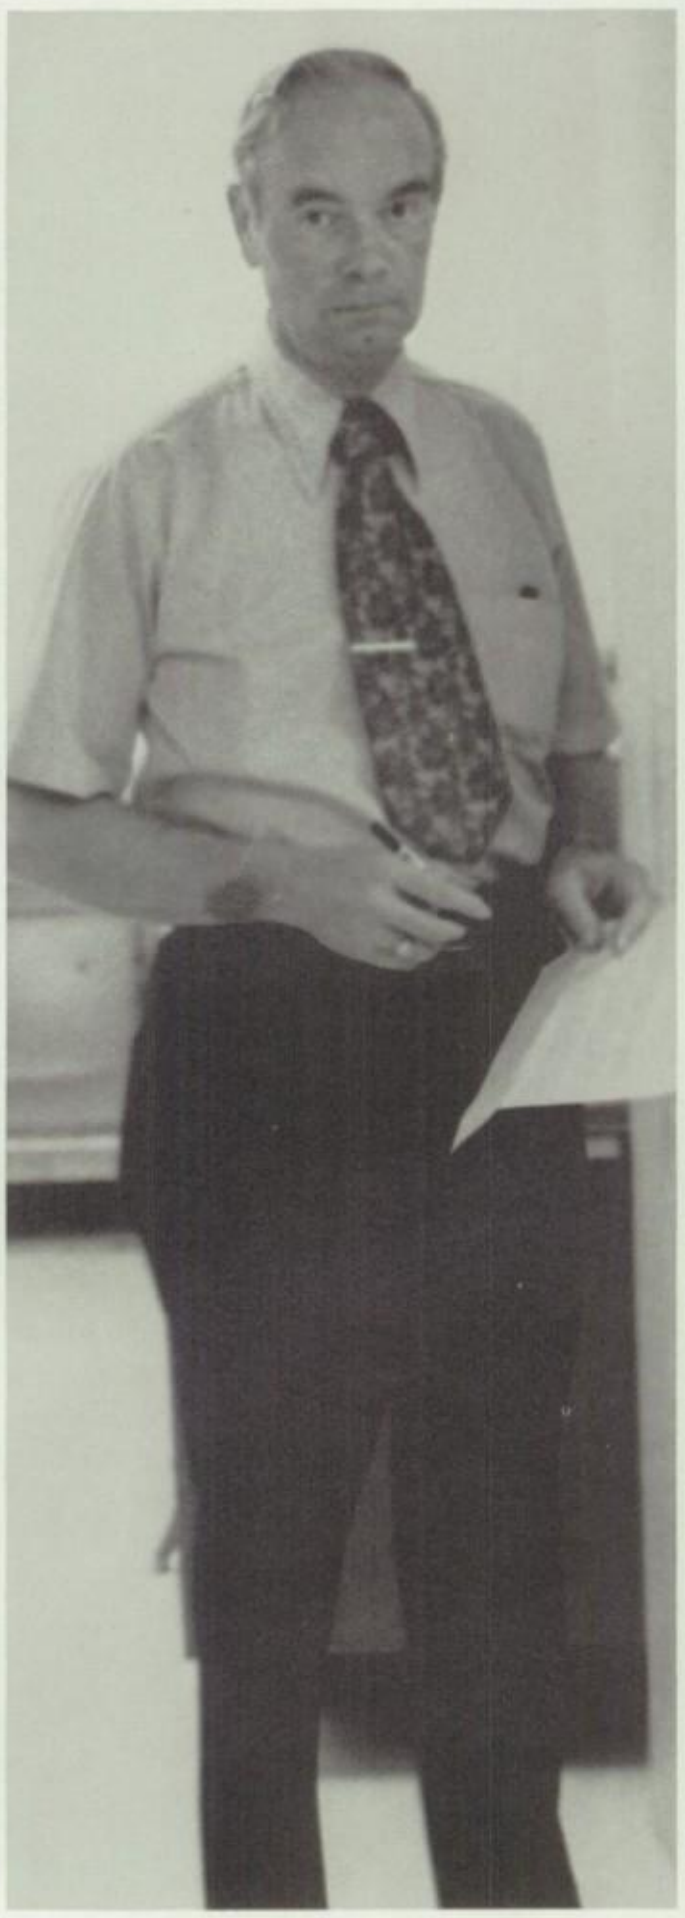
From making an announcement to playing his harmonica for an assembly to counseling a student,

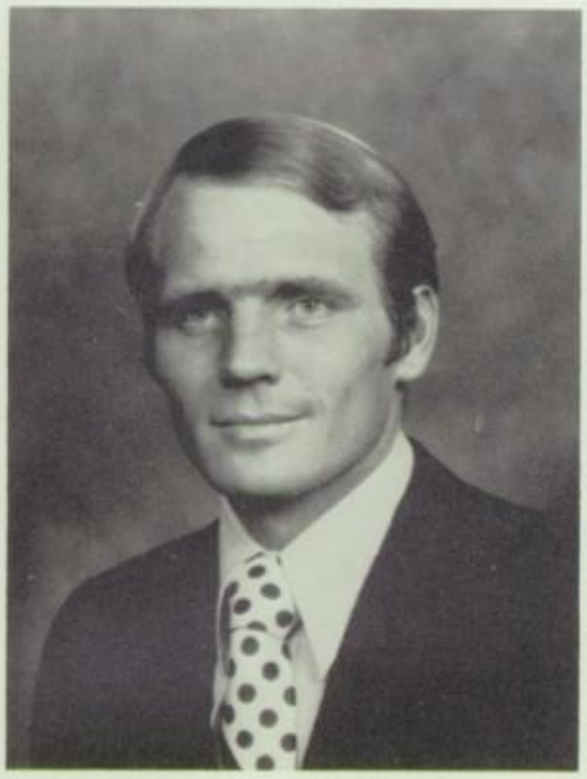
Principal Frank Hyde

is the man on the go at C-CHS. He is responsible for getting this school up and going every morning without fail.









Running two schools can be a big chore, but

Principal Jacob Sherman

finds no task too large to handle. The elementary and intermediate schools are run competently and with hardly any problems.

DOLORES PITTS
Secretary to Superintendent

LAWANA HEARNE

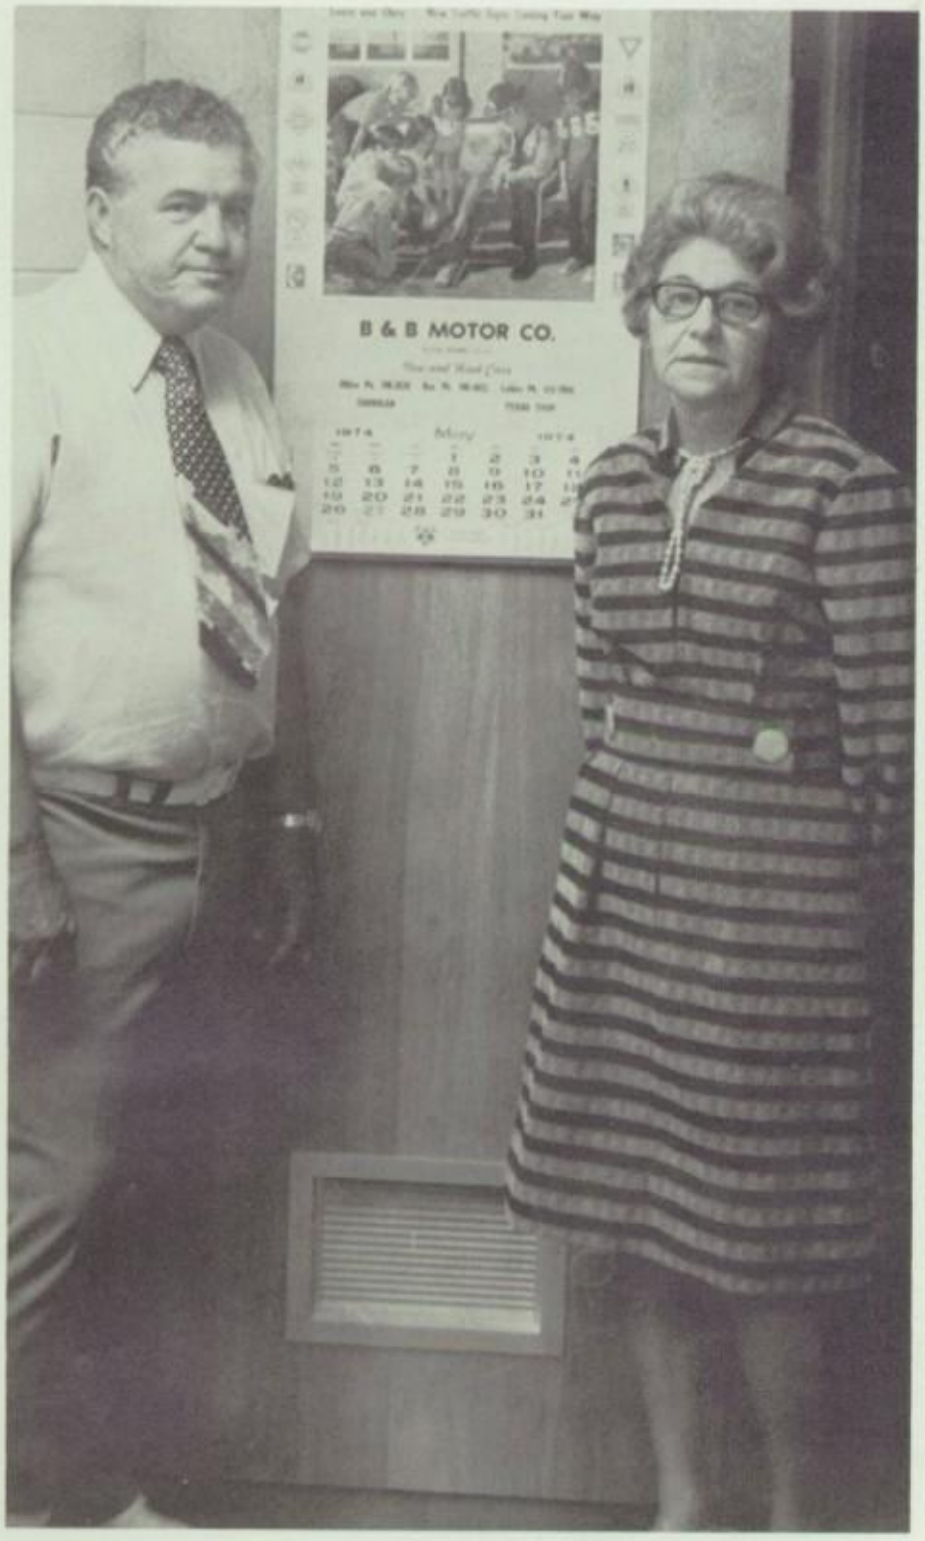
MARY LOU SPAIN
Tax Assessor

Everybody has a problem now and then with locker fees, or typing fees, or paying for senior rings and invitations or getting a test or exercise run off. The

Office Clerks

have a full schedule facing them day in and day out, but without them, no one around C-CHS would ever make it.

ELAINE DUVALL
Office Clerk



In 1954, Corrigan High School employed a new secretary for the Superintendent, Mr. Floyd Manry.

Mrs. Hazel Anderson

helped a lot of people and made a lot of friends during the nineteen faithful years she served in the Corrigan School District. Her contributions to our cause will long be remembered.

As the '73-'74 school term came to an end, plans were already being formed concerning activities for the following year. The

PTA Officers

for 1974-75 school term having already been elected, have many ideas concerning the forthcoming Halloween Carnival. The '73-74 Carnival was a large success and hopes are high concerning the coming year.

1974-75 PTA Officers: Janice Wilson - Secretary; Johnnie Lou Fisher - Vice-President; Supt. J. R. Cockrell; Elem. Principal Jacob Sherman; Lou Eaton - President; and Joan Clayton - Secretary.

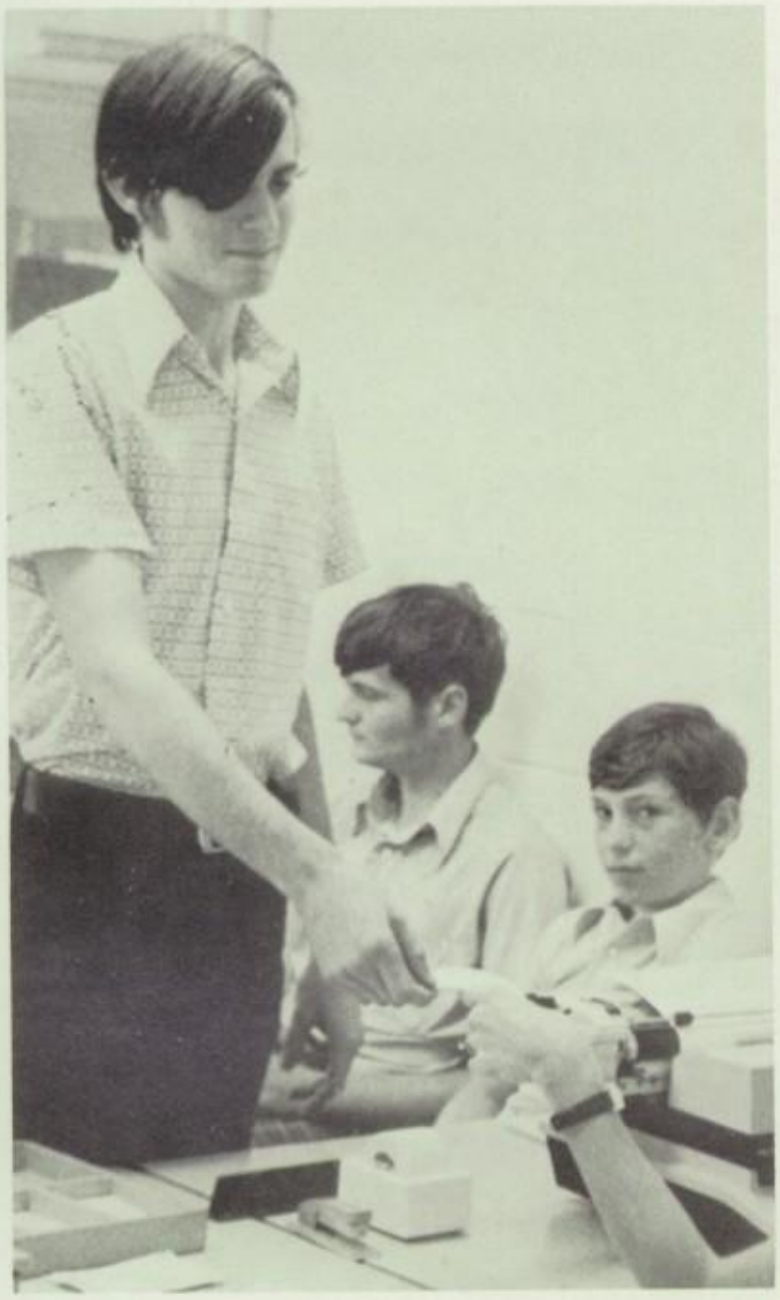
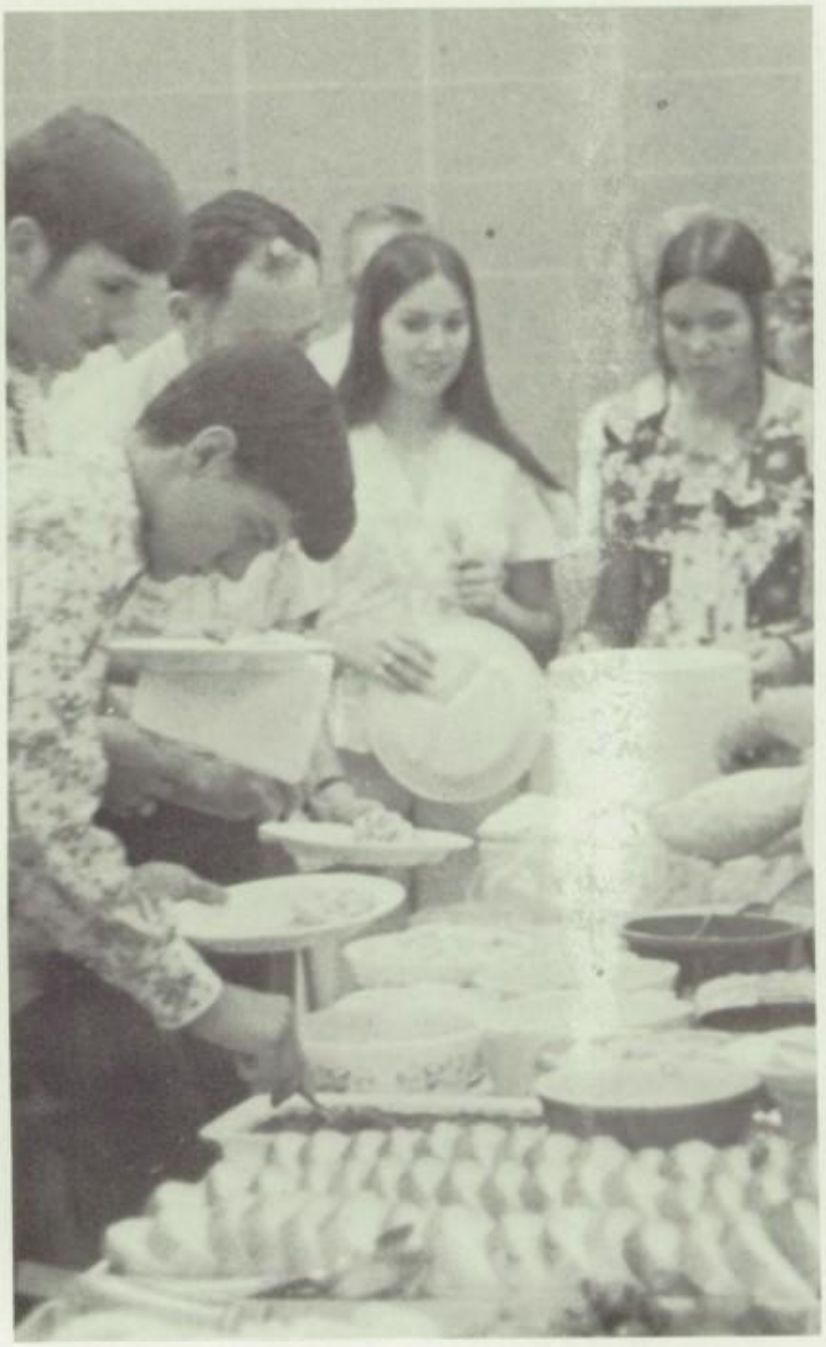
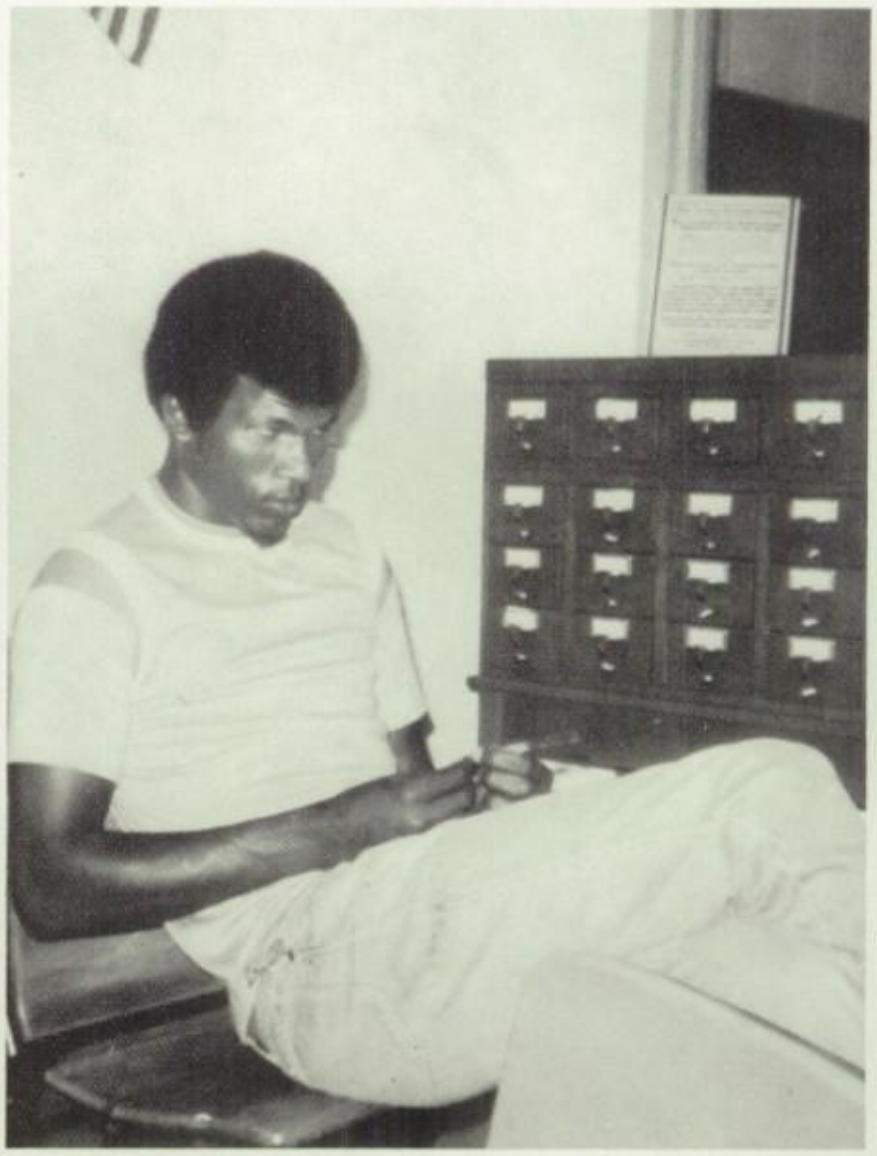
A C-CHS Student is a composite representing both sexes . . . he has the energy of a pocket size atomic bomb; the lungs of a dictator; the friendliness of a salesman; and the enthusiasm of an evangelist.

The cheerful days during holidays are welcomed with open arms by C-CHS students, especially if they give rise to vacations and parties.



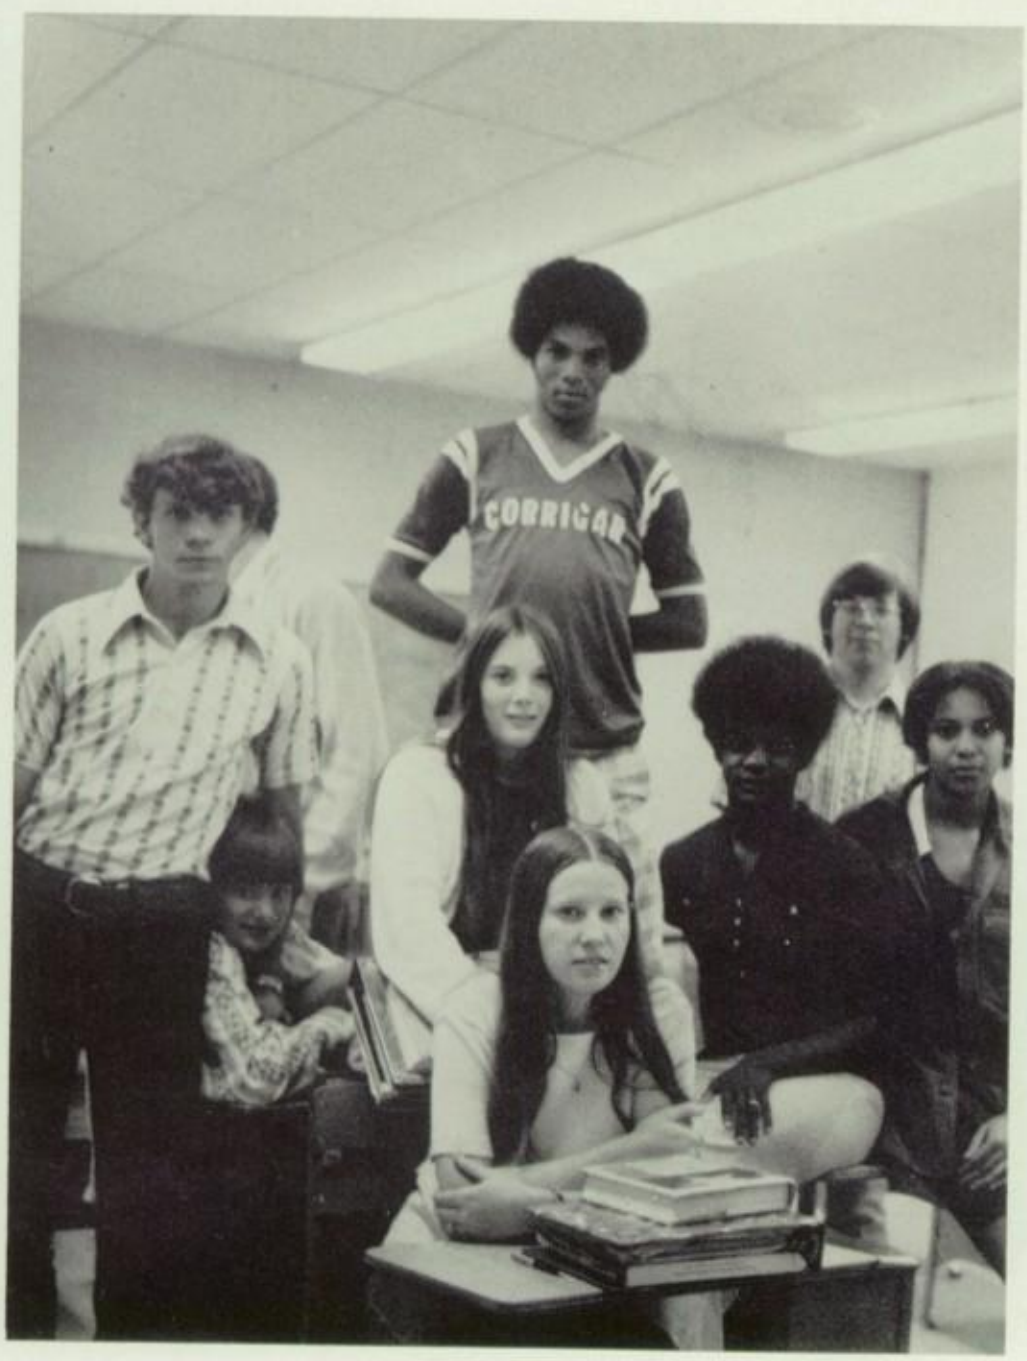


Panic Stricken Students Cram for Finals



When exams are all over, the students can be divided into two groups: those who burned the midnight oil and those who simply burned.

Nobody can eat as much, date as much, cram as much, practice as much, and still enjoy life as much.



A C-CHS Student is a magical creature: you can overlook his presence, but you can't get him out of your mind.

SEARCH FOR TOMORROW

Each year the world becomes a little smaller.
However, world problems are increasing each day. At times the rigorous schedule of a high school student may seem far removed to problems of the day.
But, outside pressures such as international strife, drugs, and pollution are as much a part of a student's conversation as the upcoming football game or final exam.
We at Gulf States know the only tomorrow we have is the youth of today. That's why we are engaged in research to control pollution, further youth programs, and to help disadvantaged young individuals. We're hoping today's student in his search for tomorrow will find a better world.

The Editors' Message

The 1973-74 school year has come to a close and the class of '74 is leaving. Behind us are four years of memories: some happy, others sad. This school year has helped prepare us for the future. It has taught us to change the things we could, and to live with those we could not. In this yearbook, we have tried to capture some of these fleeting moments.

After many long hours of planning, taking pictures, and making decisions, the '74 BLUE QUILL is finally finished. The only thing left is your opinion. If it is a good yearbook and you like it, then all the long hours of hard work were all worthwhile.

I would like to thank our sponsor, Supt. J. R. Cockrell, for his help and cooperation in the production of this yearbook. I would also like to thank Mrs. Gwen Reily for making special trips from Huntsville where she is a graduate student at SHSU, to help us compile this book. Principal Hyde and the faculty were especially helpful for the patience and cooperation they showed the BLUE QUILL staff. A special thanks is extended to everyone who bought advertisements in the BLUE QUILL. Without their help and contributions this book would not have been possible.

Now, sit back, relax and enjoy your yearbook.

So long as we love, we serve; so long as we are loved by others I would almost say that we are indispensable. And no man is useless while he has a friend.
